

2014

No.	Title	Principal Investigator	Funding Agency
1	Distribution of drug resistance associated genes of <i>Plasmodium falciparum</i> in Myanmar	Dr. Aye Aye Win	DMR (LM)
2	Knowledge and life style related perception regarding risk factors of cardiovascular diseases among adolescents at a private school in Yangon	Daw Sandar Kyi	DMR (LM)
3	Detection of <i>Escherichia coli</i> in uncooked fast food	Dr. Lai Lai San	DMR (LM)
4	Knowledge of osteoporosis among female teachers from two Education Colleges in Yangon Region	Daw Than Than Lwin	DMR (LM)
5	Violence against women in Myanmar: A Qualitative study	Stephanie Miedema	Gender Equity Network
6	Improving infant and young child feeding practices: An evaluation of a mobile phone communications intervention in Myanmar	Dr. Myat Pan Hmone	Sydney School of Medicine
7	Awareness, perception and satisfaction of women towards breast cancer screening	Dr. Myo Myo Mon	
8	Communication pathways Analysis for Behavior Change in Communities Affected by Landmine Contamination in Rural Kayah State, Myanmar	Dr. Sein Hlaing	International Rescue Committee
9	Economic-epidemiological modeling to support the containment of artemisinin resistance in the MARC regions of Myanmar (MARCMOD)	Dr. Yoel Lubell	3 MDG
10	Assessment of electrical muscle stimulation in management of recent ulnar nerve damage in leprosy patients attending Central Special Skin Clinic, Yangon General Hospital, Myanmar	Dr. Lin Htet	National Centre for Global Health and Medicine and Kagoshima University
11	Molecular characterization of hepatitis viruses in Myanmar	Dr. Yi Yi Kyaw	KOICA
12	Rapid coverage assessment of long lasting insecticide nets in Myanmar	Dr. Marc Boulay	USAID
13	The safety of a conservative fluid resuscitation strategy in adults with severe falciparum malaria	Dr. Mar Mar Kyi Dr. Josh Hanson	Menzies School of Health Research, Australia

No.	Title	Principal Investigator	Funding Agency	Approved Date
14	Willingness to pay of patients preparing for cataract surgery in Yangon, Myanmar	Saw Thu Nandar	Japan Institute for Global Health	19.2.2014
15	Determination of serum leptin hormone levels in children residing in Yangon	Daw Yin Yin Win	DMR (LM)	5.3.2014
16	The clinical significance of platelet counts in patients with ovarian cancer at Central Women Hospital, Yangon	Dr. Zin Zin Thu	DMR (LM)	5.3.2014
17	Malaria in Myanmar: Understanding the epidemiology of Malaria in Eastern Bago Region	Dr. Mya Mya Lwin Dr. Hein Myat Thu Htet	Myanmar Oxford Research Unit	5.3.2014
18	Rapid Assessment and Response on Drug Use and HIV	Dr. Hla Htay	Burnet Institute, Myanmar	5.3.2014
19	Access and Barriers of Pregnant Key Affected Population to PMTCT Services	Daw Yadanar Khin Khin Kyaw	Burnet Institute, Myanmar	5.3.2014
20	Knowledge, attitude, risk perception and practices of safety measures on pesticides among agricultural workers in Kyaungone Township	Dr. Kyaw Soe	DMR (LM)	17.3.2014
21	Adherence of Xenical among obese patients attending private poly-clinics	Dr. Zaw Min Soe	Roche Myanmar	17.3.2014
22	Dosing Pattern and Treatment Adherence on Recomon and Mircera in Chronic Kidney Disease Patients	Dr. Aung Aung	Roche Myanmar	17.3.2014
23	Adherence to Pegasys pharmacotherapy among HCV patients attending private poly clinics	Dr. Naing Aung Win	Roche Myanmar	17.3.2014
24	Assessment of respiratory and sympathetic cardiovascular activities in obese and non obese medical students	Dr. Khin Mi Mi Lay	DMR (LM)	2.4.2014
25	An evaluation of an integrated community and clinical based intervention to improve sexual health of men who have sex with men in	Dr. Poe Poe Aung	Population Council	7.4.2014
26	Cutaneous TB: Different clinical types and comparing the values of its diagnostic tests	Dr. Khine Khine Zaw	DMR (LM) External Grant	8.5.2014
27	Characterization of the drug resistance molecular markers in severe and complicated malaria in Myanmar	Dr. Nan Cho Nwe Mon	Menzies School of Health Research, Australia	8.5.2014

No.	Title	Principal Investigator	Funding Agency	Approved Date
28	Perceptions on malaria and its prevention among rubber plantation workers in Myeik Township, Tanintharyi Region, Myanmar	Dr. Shwe Sin Yu	Asian Development Bank	8.5.2014
29	Behavioral Research to Assess Consumer Preferences and Barriers to Use of Long-Lasting Insecticide treated nets (LLINs) in Myanmar	Muhammad Shafique	USAID	
30	Renal dysfunction among HIV-infected patients on a Tenofovir-based first line antiretroviral treatment regimen in Myanmar	Dr. Nang Thu Thu Kyaw	Medicins Sans Frontieres	
31	Effectiveness and safety of a 5 day course of artemether-lumefantrine for treatment of uncomplicated falciparum malaria in Myanmar	Dr. Frank Smithius	Myanmar Oxford Research Unit	
32	Characteristics of RTA victims admitted to ER of YGH in Yangon City Myanmar	Dr. Myo Min Latt	MPH Student	5.6.2014
33	Integrating the Nutrition Education into HIV/AIDS management (Phase I study)	Dr. Moh Moh Hlaing	DRM (LM)	18.7.2014
34	Men's Involvement in Their Spouses' Maternal Care Use among Married Men in Myanmar	Dr. Kyi Mar Wai	Asian Development Bank	10.7.2014
35	Detection of human Plasmodium species including Plasmodium Knowlesi in Kawthaung, Southern Myanmar	Dr Thuzar Han	USCI	10.7.2014
36	Preference and acceptability of permethrin insecticide-treated clothing (ITC) in Mon State, Myanmar	Dr. Jeffrey Hii	USAID	10.7.2014
37	The Socioeconomic Impacts of HIV at a Household level in Myanmar	Dr. Thet Tin Tun	UNDP	10.7.2014
38	Burden of malaria and co-infections in pregnant women	Dr. Myaing Myaing Nyunt	US-NIH	10.7.2014
39	Establishment of modified WST8/ 1 methoxy PMS method in detection of Glucose 6 phosphate dehydrogenase enzyme deficiency	Dr. Nwe Nwe Oo		10.7.2014
40	Health Facility Assessment Survey, Myanmar: focusing on maternal, newborn and child health (Phase II)	Dr. Le Le Win	WHO/COIA	29.7.2014
41	Antenatal screening of different types on anaemia including iron deficiency anaemia, haemoglobinopathies and thalassaemia among the pregnant women living in Bago Region of Myanmar	Dr. Moh Moh Win	WHO (APW)	6.8.2014

No.	Title	Principal Investigator	Funding Agency	Approved Date
42	The State of Perceived Readiness of Private Hospitals for Medical Tourism in Yangon, Myanmar	Daw Nang Thein Hann	Self Sponsorship	6.8.2014
43	Early detection of Cervical Cancer by Liquid Based Cervical Cytology (LBC) and Human Papillomavirus (HPV DNA) testing	Dr. Mu Mu shwe	DMR (LM)	6.8.2014
44	Cardiopulmonary fitness of apparently healthy Myanmar adolescent students of Institute of Sports and Physical Education Center, Yangon	Dr. Khin Mi Mi Lay	DMR (LM)	11.8.2014
45	HIV vulnerability and service availability in mobility settings of Myawaddy and Kawkareik Townships	Ms. Montira Inkochasan	IOM	21.8.2014
46	Assessment of IEC/BCC tools and strategies for malaria control and elimination in Myawaddy Township, Myanmar with the special focus on mobile and migrant populations	Mr. Muhammad Shafique	UKAID	21.8.2014
47	Qualitative baseline research using the PEER method in Yangon, Myanmar: Exploring factors and perceptions of fertility control and contraception, especially long-acting reversible methods among men and women aged 25-35 years in shwepyithar Township, Yangon, Myanmar	Dr. Naw Muriel Mu Yeh Htoo	Marie Stopes	21.8.2014
48	Effect of oral Immunoglobulin Y supplemented infant formulae treatment for rotavirus diarrhoea in 6 months to 59 months old children admitted to Yangon Children Hospital	Dr. Shofiqur Rahman	JAPAN	21.8.2014
49	Sero-epidemiology and Malaria Antibody Kinetic Profile in Tier I area of Myanmar Artemisinin Resistance Containment Zone	Dr. Myat Phone Kyaw	Korea CDC	15.9.2014
50	Perceptions and practice of private pharmacies in Yangon Region on antibiotic sale without prescription	Dr. Khin Hnin Pwint	WHO (APW)	15.9.2014
51	Determination of Cotinine(Biomaker) in smokers and secondhand smokers in selected occupational places	Daw Moe Moe Aye	WHO (TSA)	15.9.2014
52	Evaluation of rapid diagnostic kits by using Multifunctional Magnetic Particles (MNPs) malaria microscopy with real-time PCR system for monitoring Malaria Prevalence in Myanmar	Dr. Myo Win Tun	Department of Laboratory Medicine, Ansan Hospital, Korea	15.9.2014
53	Role of Polymerase Chain Reaction and Loop mediated isothermal amplification methods in the diagnosis of tuberculous lymphadenopathy in HIV seropositive patients	Dr. Mu Mu Shwe	WHO	15.9.2014

No.	Title	Principal Investigator	Funding Agency	Approved Date
54	Preference and acceptability of permethrin insecticide-treated clothing (ITC) in Mon State, Myanmar	Jeffrey Hii		13.10.2014
55	The safety of a conservative fluid resuscitation strategy in severe malaria	Dr. Josh Hanson		13.10.2014
56	Knowledge on Reproductive Health and Attitude towards Reproductive Health Hot Line Service among Factory Workers in selected industrial zone township in Yangon Region	Daw Khin Sandar Oo	DMR (LM)	13.10.2014
57	Microbiological evaluation of indoor air quality in two tertiary children hospitals in Yangon	Daw Thuzar Myint	WHO (APW)	13.10.2014
58	Determination of serum aflatoxin B1 (Biomarker) adducts in chronic liver diseases	Daw Myat Mon Oo	DMR (LM)	13.10.2014
59	Surveillance of Rotavirus diarrhea in children under five years of age admitted to Yangon Children Hospital	Dr. Hlaing Myat Thu	WHO	13.10.2014
60	Immunophenotypic analysis of acute leukemia by flow cytometry	Dr. Win Pa Pa Naing	WHO	27.10.2014
61	Perceptions and practice of private pharmacies in Bago Region on antibiotic sale without prescription	Dr. Nyi Nyi Win	WHO	27.10.2014
62	Improving information and utilization of reproductive health services in selected townships, Myanmar: Focusing on youth	Dr. Saw Saw	DOH/UNFPA	27.10.2014
63	Role of drug shops in provision of contraceptives in selected township, Myanmar	Dr. Wai Wai Han	MCH Section (DOH)	27.10.2014
64	Community baseline study on knowledge and practice of malaria and maternal, newborn and child health care in selected townships of Kayah State	Dr. Su Latt Tun Myint	Danish Embassy	27.10.2014
65	Pilot studies of molecular epidemiology of drug resistant malaria in Myanmar	Dr. Ye Htut		27.10.2014
